## SUMMER CREATIVE WRITING WORKSHOP APPLICATION

Chamlian's creative writing workshop is an interactive one week program where students will bring a story to life using their imaginations and critical thinking skills. Students will be instructed in the areas of narrative writing using the story elements provided. Once completed, groups of students will revisit the stories to determine which will transfer best into a script for the stage. Delegating within themselves, students will work collaboratively to rewrite the narrative into a script, all while using the supplies on hand to stage the production. The week will be filled with writing, thinking, collaborating, and unlocking their creative and problem solving skills!
